

# Choose Ohio First STEM Scholars Program Student Application

The application for the Choose Ohio First STEM Scholars Program has two parts and is completed online:

- 1) The **Student Application** consists of applicant and education information and two personal essays. The completed application should be saved and emailed to [stem@bw.edu](mailto:stem@bw.edu). All applications must be submitted electronically and you will receive confirmation of receipt within 48 hours.
- 2) The **Nomination Form** consists of nomination information and a written nomination. This form should be completed by one of your science, technology, engineering, or mathematics teachers. Adult students who are not taking classes may be nominated by a professional supervisor. Please direct your nominator to [www.bw.edu/stem](http://www.bw.edu/stem) to download the **Nomination Form**. Your nominator should save and email the completed nomination to [stem@bw.edu](mailto:stem@bw.edu).

List the four highest Science, Technology, Engineering, Math courses/grades you have taken or are currently enrolled in high school & college (EX: Name of Class, HS or College Name, Grade Earned, Completion MM/YY):		

Highest MATH course you have taken or are enrolled in currently (EX: Name of Class, HS or College Name, Grade Earned, Completion MM/YY):

## ESSAY QUESTIONS

The two essay questions help us learn about you in ways that your educational information alone may not explain. Please use this opportunity to tell to us what makes you unique. Both essays are required. Each essay should be included in the space below, which allows for 500 words maximum.

**Essay #1:** How does studying a Science, Technology, Engineering or Mathematics field (STEM) fit into your future career goals and passions? How do your interests outside the classroom (extra-curricular activities, volunteer, leadership roles, etc.) impact your motivations to work in a STEM field?

**Essay #2:** How would participation in the STEM Scholars Program affect your experience at Baldwin Wallace University and help you achieve your long term goals? Be sure to include aspects of the program which will be most beneficial to you.

## NOMINATION INFORMATION

The nominator should be one of your science, technology, engineering, or mathematics teachers, or professional supervisor for adult students who are not taking classes. Please direct your nominator to [www.bw.edu/stem](http://www.bw.edu/stem) to download the Nomination Form. The Nominator should email the completed form and written nomination to [stem@bw.edu](mailto:stem@bw.edu).

Nominator:		Job Title:	
School or Organization:		Relationship to Applicant:

## SIGNATURE

By signing this document, I acknowledge that I have completed all content in this Student Application and it is current and accurate.

I have also read and understand that if chosen as a STEM Scholar, I will be required to:

- Participate in the program's coaching, educational, and social, activities
- Meet with my STEM Scholar success coach each semester
- Explore innovation, creativity, and entrepreneurship through academic and project-based experiences
- Complete in a limited number of Program surveys, interviews, or other data collection activities
- Maintain Good Academic Standing and earn a satisfactory grade point average each semester (at least a 2.5 GPA for freshmen)
- Declare an eligible STEM major and enroll in STEM coursework related to my major each semester
- Demonstrate residency in the State of Ohio
